## Series: Parenting in this Hurricane

### ***School Solutions***

- ♦ What are some advantages and disadvantages of the American public school system? Private schools? Home schooling?
- ♦ How do our family configurations make some of those options difficult or impossible (single parent, both parents working)?
- ♦ Whatever schooling configuration we settle on, who is responsible for our children's education?
- ♦ How does the Lord help us navigate the waters of educating our children (1 Peter 4:8)?
- ♦ Why is knowledge a high-value item with God (Matthew 2:13-14)? Why would God allow the baby Jesus to be in the same dangerous world as us?
- ♦ How do we get above and beyond complaining that things are not what they should be in the educational system? How do we shine out as good examples with our children in the love of the Lord?
